

CALORX PUBLIC SCHOOL

RAJULA

(CBSE Affiliation No.: 430252)

Dear Parents,

The world is experiencing an unpredicted situation of Covid-19; being a responsible citizen it's our duty to keep calm and contribute towards the fight against this Global Pandemic. We have to be resourceful and try to think positively and innovatively. The positive spirit of teachers and students and the unconditional support of our wonderful parents have lead to some good learning sessions with the students using the digital platform. We are also motivating the students to take care of their health and build a strong immunity.

With strong support of our IT team and the Academic team, we have been able to successfully impart quality education to our young learners from Grade Nursery to X. The teachers have trained well to prepare themselves for this new way teaching and learning by creating a virtual class-room. The platforms like ZOOM and Google Meet are new to them and it was a challenge taken up well. Thanks to the teachers and the whole Kalorex team for their support.

We are also thankful to our parents and students who also become the part of training programs before we started sharing the lessons with ZOOM Platform/Google Meet.

Our online classes continue, we request our parents and learners to follow certain guidelines mentioned below:

1. While attending the class, the Microphone should be on mute.
2. For the sound clarity use head phone.
3. Avoid using video during the class. It is only required at the start of the interaction.
4. Do not share login id and password with anyone.
5. Take permission of host to clear the doubt by clicking on the option raise hand.
6. Follow the scheduled time table and complete the assignment and worksheet in the given time frame.

Note: This will help you to learn skills like cyber safety, time management and crisis management.

As , this is an opportunity to “shift focus to School-Home collaboration for learning” we have designed steps and re-established way of delivering content, as per the age criteria.

Pre Primary Section: A weekly schedule of Rhymes, Stories, Craft, Worksheets, Music, Prayers and conversation with all the latest gadgets are made available.

Grade I to IV: Students are following the fixed schedule of Main and Additional subjects along with the series of entertainment, bhakti, devotion and craft activities.

Grade V to X: Learners are experiencing online classes with the fixed time slot. Here we have collaborated with other branch schools of Calorx. Students are sharing their worksheets,

assignments, projects, PPT's etc by the virtual module. Parents are also showing their support as guest lecturers.

We are also sharing parallel platforms to the students like mind spark, counselling links, online courses with the concept of effective utilization of time.

Regular circulars are also shared from time to time.

Fee: The School has started online payment through MCB system for the Academic Session 2020-2021. Looking at the current situation, the school will charge the last year's fees. Parents can pay the fee Monthly/ Quarterly as per convenience either by login in MCB or through link-
